

SZUSICON 2025

11th – 13th July, Vijayawada

DAY- 1 HALL B

ROBOTIC & LAPAROSCOPY MASTERCLASS

DAY 1 HALL B 10:50 AM to 12:30 PM

Convenor: Dr. M. RAMALINGAM

TECHNIQUES

- 1. A Novel Robotic Approach for Left Radical Nephrectomy and IVC Thrombectomy in Supine Position**
- 2. Transmesocolic Approach for Lap & Robotic Pyeloplasty – Can It Be Least Morbid & Routine (Left Side)?**
- 3. Lap. Flap Pyeloplasty with Interpretive Nephroscopic Stone Retrieval**
- 4. Lap / Robotic Modified Orthotopic Ureteric Reimplant – Testing Your Skill?**
- 5. Supine Extra-Peritoneal Approach for Robotic RPLND**
- 6. Robotic Perineal Radical Prostatectomy**

TECHNOLOGY

- 7. AI and Augmented Reality in Robotic Urology**
- 8. Utility of ICG During Robotic / Lap Partial Nephrectomy in Managing Complex Renal Masses**
- 9. Future Technology in Lap / Robotic – Tele-Surgery, etc.
Speaker: Dr. Nitesh Jain**
- 10. Single Port Robotic – Is It Here to Stay or Will Not Take Off?**
- 11. Concluding Remarks – Evolving & Futuristic Training Methodology in Lap / Robotic**
