Discussion was held on The secretary's report:

Dr Vinod asked for clarification on the advisory issued to members in compliance with NMC. President replied that members who are working with aggregators were issued notices through the state secretaries to refrain themselves from such practice. Dr C Mallikarjuna questioned the president that are we justified in taking action against our members? President clarified that no action has been taken so far against any member, it was only an advisory to the members to refrain from patient aggregator practice. He also said that NMC issued guideline to all the doctors not to associate with the aggregators.

Dr C Mallikarjuna said that though it is not ethical to associate and procure patients through the aggregators, it is not wrong to treat a patient admitted to a hospital through the aggregator. He objected to the notices sent to the members involved in aggregator practice and asked whether the council has taken a legal opinion before sending such notices. The President said that an oral opinion was taken from a legal expert from Vijayawada. Dr Philip raj said that it is the prerogative of the state medical councils to issue notices to the erring members and it is not the job of ASU to issue notice to a member on this subject. Dr Philip said that a legal opinion should be taken and produced before GBM before we take action on the members involved in aggregator practice. Dr AVS Reddy and Dr Laxman Prabhu, Dr Ginil Kumar and Dr Avudiappan spoke against the aggregator practice and supported the move taken by The President. Dr Keshavmurthy said that the matter was also discussed in USI council and it was decided that no legal action can be taken against any member involved in such practice. We also cannot complain to NMC. We can only educate our members not to be part of the aggregators. We also need to educate the public not to follow the aggregators.

Hon. Secretary's report was passed by Dr Ganesh Kamath and seconded by Dr Nitin Kekre.

Treasurer report:

The report was presented by Treasurer Dr Shivlingaiah. Dr Keshav murthy suggested that the surplus money which was not utilized during the year can be utilized in the next 5 yrs. Thus we need not pay tax for the unutilized money.

Dr Keshav asked why the MIUC Fellowship was stopped. He also said that the corpus for the MIUC Fellowship was higher than Rs 2.5 lakhs. The President replied that the next council will decide about continuing the MIUC Fellowship and look into the corpus. General body said that if any corpus is dissolved it becomes income to the association and it will be taxable.

Dr L N Dorairajan said that instead of closing the ASU Prateeksha and MIUC awards, they can be continued on ASU name with ASU contributing to the corpus as these awards help promote academic excellence. Dr Vinod wanted the corpus for the both awards to be increased. The general body decided that the both ASU Prateeksha award for postgraduate and MIUC Travelling Fellowship cease to exist from now and a new award for post graduate on the name of ASU and a new travelling fellowship for urologist on the name of ASU will awarded in future. The general body decided to fix the corpus for both the awards as Rs 5 lakhs. Dr Keshav said that the 12AA status given to the association is not permanent and has to be renewed every year.

Dr Vinod passed the treasurer's report and it was seconded by Dr Laxman Prabhu.

MIUC Fellowship for this year was awarded to Dr Sanman Gowda and ASU Prateekhsa medal was awarded to Dr Ershad Hussain Basha . The General body approved.
