President's Message

Dear Members

Greetings from Hyderabad. It is nice and we are seen inching toward normalcy. ASU is making strides in the path of bringing all of us together. The first thing which is happening is a physical conference at Bangalore 8-10 of July. Dr D Ramesh and Dr Girish and team are working hard to put in a great fare-both a live workshop and a scientific program. They are also creating a wonderful environment for us to meet and catch up on lost time due to Covid. We have also got an Indemnity policy which has significant benefits from the ASU stable. This will be beneficial to all of us in future. Taking it from the ASU banner will give us strength to be together and have better bargaining power in future. The menace of patient aggregators is looming large and will gobble us very soon. As an initial response ASU has given an advisory to all our members. This advisory has come from almost all the surgical associations in the country and from USI too. The sections have been clearly highlighted for the understanding of our members. The time is not far when the association has to regulate its own members before someone does it. The association will be proactive on the members who do not heed by the advisory.

Once Again I request you all to strengthen the association and be united so as to be safe and enjoy the journey of urology

Waiting to meet you all at Bangalore.

Regards

DR.MALLIKARJUNA REDDY

ASSOCIATION OF SOUTHERN UROLOGISTS

Secretary's Message

It gives immense pleasure to address you one more time as the Secretary of ASU. The Association has grown leaps and bounds ever since its beginning to till date. Today with around 1500 members we stand as the largest urological association in our country. What's more pleasing is the find of young talents in our group who are daring in the academic front and yet humble. I am thankful to my President and council for bringing up the ASU tie up for professional indemnity, council member activities and their encouragement and support. A " Blessing in disguise " although covid prevented us from meeting physically, it gave us a new dimension. We are now well versed in online meetings, operative workshops and all online academic activities. It has given us the confidence that we shall proceed with all regular activities of the association even in the most difficult situations. It seems likely that in the future online activity/ hybrid would stay for selective meetings. But it has been a long wait for us to meet physically. As the covid wave seems to show just that mercy on us we would hope to meet physically in Bengaluru. Best of luck to the organisers of 33rd annual conference of ASU and we assure you all an academic feast.

Regards

G. Chengalvarayan

- The President called the meeting to order. Obituary and one minute silence was observed for Prof V.Ravindranath one of the senior urologists of the ASU.
- President's opening remarks:
President said that we are now having the second successive virtual AGM and we are eagerly waiting to experience a normal meeting in Bengaluru. He also said that we have conducted 5 council meetings, 3 webinars and workshop.The website is undergoing an update. With close to 1400 members there is increased administrative workload now on the Secretary requiring the need for good secretarial assistance in handling routine office matters. The revised ASU handbook will be released during the midterm conference of the ASU. We are planning to add protocols to be drawn for virtual meetings, policy decisions on future meetings and zero year.
- The Minutes of the previous AGM were passed. The President told before passing that there was one change, Brig.Routray who was selected for the Prof.P.B.Sivaraman endowment guest lecture expressed his inability to deliver the lecture hence we had to choose an alternative orator and Dr.Ramgopal from Miami was kind enough to accept our invitation.
Proposed by Dr.Chandramohan V
Seconded by Dr.Laxman Prabhu G G
- Secretary's report:
The Secretary told that the ASU continued all its regular activities in the virtual platform this year. He also said that we have conducted 2 webinars and a chairperson workshop. We have created a pool of chairpersons and speakers from the names given to us by the state representatives. We have also obtained Annual zoom membership for our Association related meetings for one year. We have also called for applicants to host ASU travelling fellowship for the year 2022 and wish we could continue the same methodology in the future.

ASSOCIATION OF SOUTHERN UROLOGISTS

OBITUARY

Prof Roy Chally

We have to share a very sad news about the demise of Prof Roy Chally.

We have lost a great teacher and also a mentor to so many of urologists in India. He was the Past President and Past Hon Secretary of Urological society of India. He was the recipient of the Urology Gold medal given by the Urological society of India.

He was one of the founding fathers of Association of Southern Urologists. He was a great teacher and academician. He was a father figure and has contributed immensely for the development of Urology in India. He will always be cherished and remembered for his ever smiling face and a noble personality. Our heart felt condolences to his family.

Dr. M G Pai

We have to share a sad news that Dr MG Pai a very senior Urologist from Coimbatore passed away on 14/9/2021. Born at Udupi in 1941, after his medical graduation he served in Indian army for few years. He had his M.Ch urology graduation under Prof HS Bhat-one of first few batches along with Prof P Venugopal.

He had served in Libya and Tanzania for few years where he started publishing articles in reputed journals. Some of his articles are cited in Campbell urology.

He is survived by his wife Mrs Hema, son Vivek(chemical engineer), daughter Sitara(news editor in US) and 3 grand children. His clinical acumen, out of box thinking and discussions were exemplary. Our heart felt condolences to his family.
